**History about the award**

The Wisconsin Bakers Association's education committee submitted recommendations to the Board of Governors on Oct. 24, 1983, to implement the WBA Scholarship Program. The first scholarship awards were later presented in 1984. Under the WBA scholarship program, the maximum award that can be given to any one student per calendar year is \$1,000. If you are a student who wants to take commercial baking courses you may be eligible for a WBA scholarship.

Already a baker? Continue your education—a WBA Scholarship can help pave the way!
